

The Faces of Patient Care Reinvented Annual Report 2015-2016

“Today in the new Hospital, the impact of your donations is felt on every floor, in every inpatient room, in every operating room.”

Dear Friends,

Thank you all for being a vital part of Humber’s most dramatic transformation yet. History was made on October 18, 2015 with the opening of the new Humber River Hospital. This was a moment we will never forget.

For the board members, donors, staff and volunteers of the Foundation, our new Hospital represents the culmination of almost two decades of dedication and support for a community that has long deserved this state-of-the-art facility. It has taken all of you, our caring and compassionate supporters, to make this dream a reality.

Today in the new Hospital, the impact of your donations is seen on every floor, in every inpatient room, in every operating room. It is felt by the hundreds of patients and their families whose lives are touched by Humber’s nurses, staff and physicians. In this year’s Annual Report, you’ll meet some of these patients – Judy, Olga, Destiny and Dave have each turned to Humber in their time of need. And, thanks to your donations, our care providers are equipped with the latest technology to save patients’ lives and help them heal.

These patients and their families are among the very first in our community to experience care at the new Humber River Hospital. This is just the beginning of an ongoing journey of innovation, expert care and a patient and family experience like no other. There will be thousands more patients, perhaps even you and your loved ones, who will need Humber. Your generous support now and in the future allows us to be equipped with some of the world’s most advanced medical technologies.

On behalf of our current and future patients, thank you!

A handwritten signature in black ink, appearing to read 'Roy Scaini', with a stylized flourish at the end.

Roy Scaini
Chair of the Board
Humber River Hospital Foundation

Judy D'Alelio
Grateful New Mother

Recently, the skilled doctors and nurses in Humber's Maternal & Child department saved Judy D'Alelio's life. Shortly after giving birth to a healthy baby girl, Angelina, Judy experienced massive blood loss. Our care team responded immediately, calling a Code Omega. Racing against time, the team rushed to Judy and worked for three hours to stabilize her. Judy received 21 units of blood in the space of 45 minutes. A typical surgery uses 1-2 units. After three days in an induced coma and six days in hospital, Judy was able to go home and be with her baby girl!

"I am so grateful to everyone at Humber River Hospital. The care, the nurses, whenever I needed something, they were there in minutes. I honestly felt like I was at home that week. Thank you for saving my life."

Fluid/Blood Level 1 Warmer - Part of Judy's Care

This vital piece of equipment allows for the rapid infusion of warm fluids, like blood and I.V. fluids, since even a small drop in body temperature can have detrimental effects on a patient's recovery. In some cases, this piece of equipment is capable of pumping a full unit of blood into a patient in 45 seconds.

There are various areas in the Hospital that use Fluid/Blood Level 1 Warmers, including in our Emergency Department resuscitation rooms and in our operating rooms. Thanks to the generosity of our donors, Judy's care team was able to rush into action using this warmer to pump much needed blood into her hemorrhaging body. Her life was saved and now she has a bright future with her sunny baby girl.

Thanks to our donors, we have several of these Fluid/Blood Level 1 Warmers at Humber, valued at \$19,780 each.

Olga Chrapko
Grateful Cancer Survivor

Something just didn't feel right. It was 2015, and 84 year old Olga Chrapko started to sense that something in her body was off. She was losing weight, and her aches and pains were getting worse. Olga and her family knew she needed medical attention, and thus began her journey to diagnosis and care for Lymphoma at Humber River Hospital. A few set backs and triumphs later, Olga is on the road to recovery, thanks to Humber's skilled doctors, nurses and healthcare staff.

"Every time we see Dr. Wilson and there is good news to report, he's so happy for my mom, he jumps out of his chair!" laughs Nancy, Olga's daughter. "When I look at my Mom now compared to how she was 9 months ago I am so grateful. She has gained some weight back, she's walking now, no more wheelchair, she's pain free. It was a frightening and emotional ordeal – I didn't even think I would see her this past Christmas - but she's here and she's fighting to get better every single day thanks to Humber."

RIVA Mixture Robot - Part of Olga's Care

Chemotherapy drugs are some of the most complicated and toxic drugs used in a hospital. To enhance patient and staff safety in our Cancer Care Clinic and Pharmacy, Humber River installed the state-of-the-art (RIVA) robot to prepare these drugs.

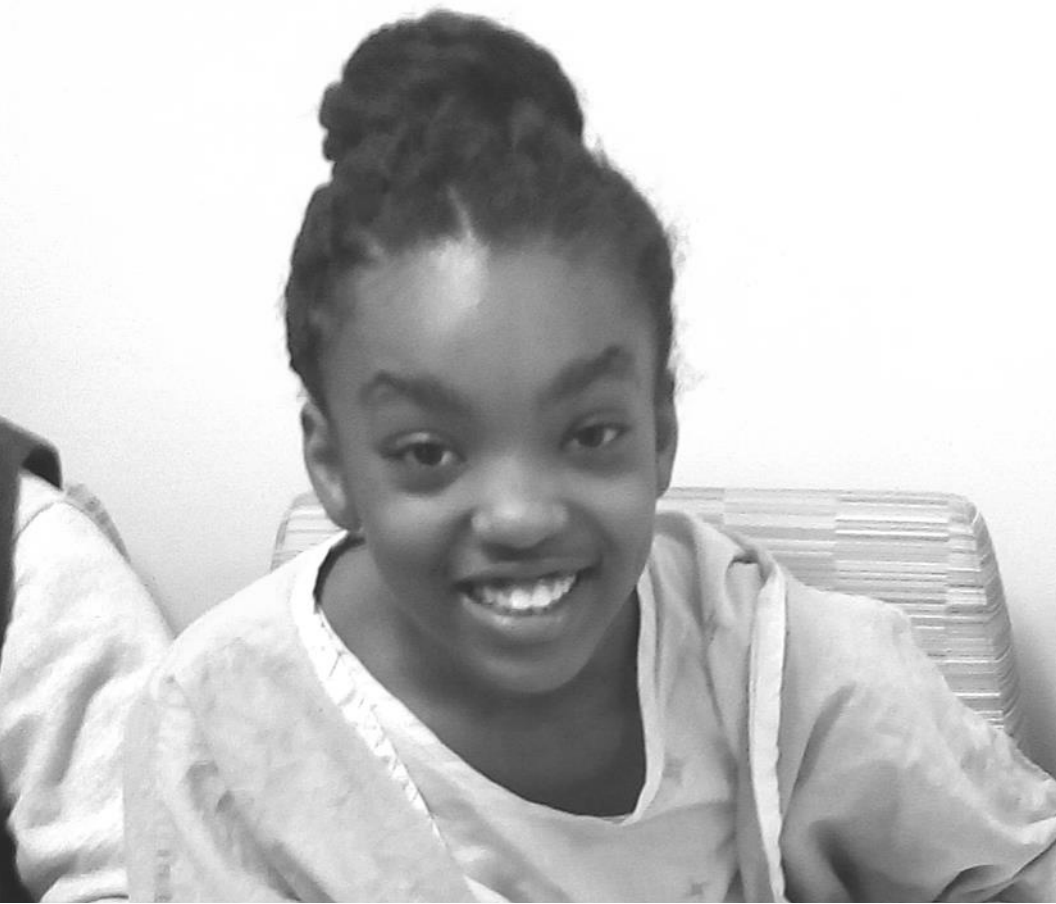

This robot fully automates the process to mix chemotherapy treatments in a fully-contained enclosure. This eliminates staff contact with the drugs, and the risk of staff being exposed to cytotoxic chemicals.

RIVA performs multiple weight and product barcode checks during compounding to ensure doses are accurate and complete. Furthermore, the electronic audit trail identifies and labels every dispensed dose with patient-specific information to ensure accurate administration. This means that patient safety is greatly enhanced, and that the right patient receives the right drug at the right time.

Thanks to the generosity of our donors, Olga's chemo treatments are prepared by the RIVA Mixture Robot. And patient and staff safety is significantly enhanced with our new state-of-the-art RIVA, making care for patients like Olga efficient and accurate at all times.

Thanks to our donors, we have 1 RIVA Mixture Robot at Humber, valued at \$1.2 million.

Destiny Thompson
Grateful Sixth Grader

When Sherill Thompson walked through the doors of Humber to bring her daughter, Destiny, in for her surgery, she felt a wave of anxiety wash over her. Years prior, Sherill had tragically lost her first daughter, and having to bring Destiny in for a procedure was almost more than she could bear. But thanks to the staff in our Maternal & Child Department, those fears quickly went away. Using techniques pioneered through our Hug and Hold Program, Sherill was able to accompany Destiny into the operating room, hug her while the anesthetic was administered—and Destiny was even able to watch her favorite television show while falling asleep!

"Meeting all the staff in the Hospital, especially Alex (Christofides, Child Life Specialist) meant the world to me and my family. I've experienced other hospitals in the past, but I've never met someone like Alex before," explains Sherill. "She walked Destiny through the whole thing and made us all feel special and cared for. She even let Destiny choose the flavor of her anesthetic - strawberry, her favourite!"

OR AV Integration System - Part of Destiny's Care

Each of Humber's operating rooms are equipped with integrated video systems, providing opportunities for educating care providers on surgery techniques or consultations around the world. The system includes three cameras located in each operating room, with multiple screens.

This AV Integration system also enhances our Hug and Hold program. When children need to have surgery, our talented Child Life staff use the OR AV Integration System to play the child's favorite television show or movie. That, coupled with a parent being in the operating room with them until they fall asleep, decreases the child's anxiety and fear.

Thanks to the generosity of our donors, Destiny's surgery experience was greatly enhanced by the OR AV Integration System. In case you were wondering - her favorite show, KC Under Cover, was playing as her mother Sherill hugged her to sleep.

Thanks to our donors, we have 21 OR AV Integration Systems at Humber, valued at \$605,000 each.

Dave Ogryzlo
Project Manager, PCL

"When I look at this amazing building, what I see beyond the bricks and mortar is the millions of man hours that our skilled workers put into making this Hospital a reality. This was a large, complex undertaking, and when I walk through the halls every day, I feel an immense sense of pride to have worked on a hospital that is reinventing patient care and saving lives each and every day."

"Having now experienced Humber as a patient, I can tell you that all the staff in the Medical Imaging Department are top notch. They were warm, friendly and professional – exactly what patients and their families need when they come to a hospital. As I was comfortably waiting for my MRI, I truly appreciated all the planning, thought, and hard work that went into designing and building a modern medical imaging facility. Every single detail was put there for a very specific reason – and to see our collective efforts paying off for patients and their families is one of the highlights of my career."

The MRI MR750w 3T - Part of Dave's Care

The Discovery MR750w 3.0T combines a caring design with insightful technology to meet the needs of both clinicians and patients. Its full 3.0T magnet and 70 cm bore work together to generate extraordinary image quality without compromises. The result for clinicians is new levels of diagnostic performance. Patients benefit from a more comfortable scan experience. Beyond the widened bore and soft, flexible coils, the table surface has been completely re-designed to help alleviate pressure points for a more relaxing exam.

Thanks to the generosity of our donors, Dave was able to have his MRI using this state-of-the-art equipment, making his experience comfortable and stress free.

Thanks to our donors, we have 2 MRI's at Humber, valued at \$2.4 million each.

Help patients like Judy, Olga, Destiny and Dave.

Your generous support has already been put to work to help purchase equipment for patients like Judy, Olga, Destiny and Dave - from the bottom of their hearts, thank you!

But there are still thousands more patients that need your support. Our healthcare providers are highly skilled and compassionate - but they can't do their jobs without you. Please continue to support Humber River, so we can provide our doctors and nurses with some of the most advanced medical technology available. It will help save lives, make sick people better, and give families comfort and hope in the future.

Financial Summary

Every dollar raised goes towards the current and ongoing equipment needs for our new Humber River Hospital. At Humber River Hospital Foundation, we are accountable first and foremost to you, our donors. Our bottom line is driven by our commitment to ensure the most money possible is transferred to the Hospital for life saving equipment.

For the year ending March 31, 2016, we continue to see an increase in total donations received. Thanks to the support of our donors, excluding net investment income, **we raised a total of \$10.7 million for the year ending March 31, 2016**, which is an **11% increase** over \$9.7 million for the year ending March 31, 2015. **We achieved excess of revenues over expenses of \$7.1 million for the year ending March 31, 2016**, which is a **26% increase** over \$5.6 million for the year ending March 31, 2015. As a result, we were able to **transfer a total of \$8.6 million to Humber River Hospital for the year ending March 31, 2016**.

The following pages highlights the financial activity in the Foundation for the 2015/2016 fiscal year with comparison to 2014/2015. Each fiscal year, the Foundation is audited by an external auditing firm. To request a copy of the Foundation's audited financial statements, please contact us at 416-242-1000 ext. 81500 or via e-mail at foundation@hrh.ca.

Donor Lists

Thank you to all our generous donors who have helped open the doors to our new Hospital. Staff, physicians, patients and their families have settled into our new home, and daily life in the new Hospital has gotten off to a busy start. Patients have told us that they are thrilled with the new Hospital, the new space, the technology, the single inpatient rooms, and of course the service and attention from our incredible staff. We are fulfilling our promise of patient-centred care, each and every day. But we couldn't have done it without YOU—our caring and compassionate donors. Thank you for all you've done.

New Hospital Campaign Donors

The Humber River Hospital Foundation gratefully acknowledges the following donors who have demonstrated their commitment to support the NEW Hospital with a pledge or a cumulative gift from 2008 to March 31, 2016.

THE RIVER BALL

The River Ball: Impressions by the River

Humber River's "No Limits" award - created to recognize special individuals in our community who stand as extraordinary examples of Humber's vision for the future - was awarded to Jack and Pat Kay for their steadfast support of the Hospital.

An impressive performance by famed comedian Andre-Philippe Gagnon, together with an inspiring appearance by Olympic Champion Donovan Bailey, helped raise over \$900,000 (net) to support the building and equipping of the new Humber River Hospital.

FORE! Awesome Golf Invitational raises \$224,000 (net)

Thank you to all our golfers and sponsors who helped make our 32nd annual tournament a huge success. Guests enjoyed the day on the course as well as our dinner festivities which featured our most exciting and successful live auction to date thanks to our sponsors, including: Air Canada, Dufferin Aggregates and Masters Insurance.

YOU+ The Women's Event Raises over \$220,000

Thank you for helping to make our house a home. Over 650 guests and sponsors joined us for this 12th annual event, billed as an epic housewarming party for our new Hospital. From our hilarious entertainment, to our energetic live auction, to Yorkdale's Fashion Santa, the event was a fun filled evening we'll remember for years to come!

Inaugural Million Dollar Challenge for Humber River Hospital

On June 17, 2015, over 700 guests and sponsors accepted the challenge to raise one million dollars for the new Humber River Hospital in one night! Special thanks to ByPeterandPauls, PCL and the Carpenters Union for their leadership and hard work in organizing this event.

Congratulations to all the trade and construction workers who were in attendance to celebrate the completion of the Hospital, which opened its doors to the public on October 18, 2015.

**Community Builders Tribute
raises \$1.1 million for
HRH Foundation**

The Community Builders Tribute was developed to recognize community leaders who go above and beyond to not only support their communities, but to help them grow. The inaugural tribute and awards, honouring Sam and Donna Ciccolini, was held on Thursday, March 31, 2016 at Montecassino Hotel & Event Venue. Admirers and friends, both new and old, came together for an exceptional evening. At their request, the new Humber River Hospital was the recipient of the evening's proceeds.

Special thanks to the organizing committee and co-chairs Fausto Gaudio, President and CEO of IC Savings and Senator Con Di Nino for their tireless efforts in making this event take shape.
