

Volunteer Information

Your new Humber River Hospital

Because of thoughtful and caring people like you, your new Humber River Hospital opened on October 18th. North America's first fully digital hospital is revolutionizing healthcare by placing the patient at the centre of everything we do. By volunteering today, you can help revolutionize healthcare in Canada and put the caring back in care. Help us build and equip our new hospital that will serve you and your family with:

- 80% single patient rooms for optimal privacy and space for family to spend the night
- 24hr visiting hours, so you never have to leave the ones you love
- 100% fresh air, all the time, to promote healing
- "Smart room" technology for a comfortable and quality patient experience.

We're not done yet! The future of healthcare in Canada comes with a price tag. The bottom line is that we need \$225 million in private sector and community support. We've raised an astounding amount, but we still have a ways to go to reach our goal. By joining us as a donor, volunteer or community cheerleader, you will make a difference. Together, we will build the promise of Patient Care Reinvented, for you, your family and for generations to come.

Volunteers have heart!

Volunteering can enrich your life and your spirit in many ways. Feeling good about doing good is just the beginning. Your heartfelt caring, support and hard work make a real difference to our community. We couldn't do it without you! The Foundation's volunteers are called upon to help with special events, community initiatives, and other tasks we need a helping hand to complete. Depending on your unique abilities and talents there is a volunteer opportunity for you.

Please complete and submit the attached volunteer application form and we will contact you with available opportunities.
