

# **All in for Humber Sponsorship Package**

March 7, 2024 | 2nd Floor Event Space | 461 King Street West

# All In For Humber!

Rising Philanthropic Leaders (RiPL) is a group of young professionals who have come together to support their community through philanthropy, starting at Humber River Health Foundation. Together they are planning the fundraiser, *All In For Humber*, a trendy casino themed bar night with games, a DJ, dancing, food and drinks! Chips for playing will be provided. Taking place **Thursday, March 7, 2024** at 2<sup>nd</sup> Floor Event Space, this is the perfect opportunity for young professionals to have fun, meet like-minded individuals, and make a difference for healthcare in our community!

## RiPL's Impact on Humber's ICU

RiPL is taking the lead on supporting the most vulnerable patients in our community – the people in Humber's Intensive Care Unit (ICU)

A stay in the hospital is stressful – a stay in the ICU can sometimes be unimaginable both for the patient and their loved ones.

Our Hospital teams care for a high needs community with chronic health conditions that are not always managed. All of these factors contribute to a busy ICU.

To meet the needs of our community, Humber has the critical responsibility of being equipped to respond to a surge at any given time.

Our permanent expansion will bring our capacity to 60 ICU beds, which will not only make us a larger-scale ICU, but we will also have beds ready at a moment's notice when someone in our community needs it most. It will also provide relief to family members who can visit easily and often, which we know is better for the mind, body and soul of patients in the fight of their lives.
