Help Expand Robotics at Humber River Hospital

What Your Support Can Do

100% donor funded

Help fund Humber's innovative Robotic Surgery Program, which is completely funded by our generous donors.

Complete 4x the surgeries

Help fund a second ROSA®, a new da Vinci Xi and Intellijoint HIP to quadruple the robotic surgeries we can perform per year.

Save \$1,400 per day

Help reduce a patient's time in hospital, saving \$1,400/day and millions a year.

Improve patient's quality of life

Help reduce pain, scarring, and risk of infection, allowing patients to enjoy life sooner.

Bring the best to Humber

Help Humber become a training hub for talented surgeons who wish to be trained on the best surgical robots in the GTA.
